ACAMS & CISI Combating Financial Crime

Cybercrime, fraud, money laundering, terrorist financing are all on the rise in spite of more aggressive industry and government regulation and technology to prevent or thwart financial crime.

This intensive, highly interactive course is designed to enable delegates to gain a holistic and in-depth knowledge on Anti-Money Laundering practices in the combating of financial crime and to prepare candidates for sitting financial crime qualifications (eg ACAMS and CISI examinations.)

Topics cover every aspect of the both exam syllabi in an interactive style, followed by mock-exam Q&A on the final day with the trainer to solidify the key learning objectives.

Course Objectives

Our unique course not only covers the materials you need to know to be able to pass the ACAMS and/or CISI exam, but also provides a more in depth understanding of the subject. This is achieved through interactive discussions and the provision of practical examples to illustrate key points and to supplement delegates' own study for the examination and to fine-tune their knowledge.

Who should attend?

The training course is appropriate for Compliance Officers and Money Laundering Reporting Officers, those involved in regulation, law enforcement, trade and commerce and individuals from bi-lateral development institutions and civil society organisations.

Our unique 3 day classroom training course features:

- Content-rich study materials
- Up-to-date and industry relevant case studies
- In-depth analysis of course topics
- Smaller class sizes which focus more on personal attention & expert-delegate interaction
- An experienced, expert practitioner-trainer with real industry track-record & available for delegate Q&A for up to 90 days to help in exam preparation following the course.

Methodology

The expert trainer will use slides, case studies, exercises and lead workshop-style group discussion to engage the delegates in practical learning and understanding. The trainer remains available to delegates for Q&A related to the course topic for 90 days following the course dates.
